Determine the Weight and Size

UPS Express Services

Billable Weight:

Actual or Dimensional?

Determining which weight to use in calculating your rate requires that you determine which rule applies. Different rules apply depending on the service selected.

Actual weight is the weight of the package rounded up to the next half kilogram.

Dimensional weight considers density, which is the amount of space a package occupies in relation to its actual weight.

Billable weight is the weight used to calculate the rate. The billable weight will be the greater of the package's actual or dimensional weight.

Note:

Packages that exceed UPS weight and size limit are not accepted for transportation. Contact our Customer Service Representatives for details.

Irregularly-shaped Packages

Measure boxes or containers that are not rectangular to determine dimensional weight and whether the package is within maximum limits.

Treat the irregularly-shaped package as if it is in a regular rectangular box. Measure the length, width and height of the package from its extreme points.

Step 1

Determine the Actual Weight:

Use a scale to determine the weight of the package. Increase fractions of a weight to the next half kilogram.

Step 2

Determine the Dimensional Weight*:

Calculate the cubic size by multiplying the length by the width and by the height (each rounded off to the nearest whole centimetre) of each package.

Divide the cubic size of the package by 5,000 to determine the dimensional weight in kilograms. Increase fractions of a weight to the next half kilogram.

Step 3

Select the Proper Zone:

Locate the appropriate zone for the shipment in the zone chart on pages 9 to 12.

$$\left[\begin{array}{l} \text{Dimensional Weight} \\ \text{in Kilograms} \end{array} \right] = \frac{L \times W \times H}{5,000}$$

L = Length in centimetres

W = Width in centimetres

H = Height in centimetres

Step 4

Determine the Shipment Weight:

Rates for multiple-piece shipments**, which include UPS Express Paks and packages shipped to a single receiver on the same day, are based on the total shipment weight of an individual shipment. This means substantial savings over single-piece rates. To determine a shipment's total billable weight, use the greater of each package's actual or dimensional weight.

Additional Information: Weight and Size Limits

- Maximum weight per package is 70 kg.
- Maximum length per package is 270 cm.
- Maximum size per package is 419 cm in length and girth [(2 x width) + (2 x height)] combined.
- There is no limit to the total shipment weight or number of packages in a shipment.

Freight Collect Shipment

Some destination countries do not offer Freight Collect service. Contact our Customer Service Representatives for details.

Shipping charges will be reversed to the shipper if the consignee refuses to make payment.

* For import shipments, use the origin country unit of measure and dimensional factor to calculate the dimensional weight.

Dimensional weight applies to all international shipments except shipments using UPS Express Envelope, UPS 10 KG Box® and UPS 25 KG Box®.

** Multiple-piece shipment refers to a shipment consisting of packages and/or documents sent via a single waybill number.

Determine the Weight and Size

UPS Worldwide Express Freight™

Billable Weight:

Actual or Dimensional?

Determining which weight to use in calculating your rate requires that you determine which rule applies.

Actual weight is the weight of the items on the pallet and the weight of the pallet rounded up to the next half kilogram.

Dimensional weight considers pallet density, which is the amount of space a pallet occupies in relation to its actual weight.

Billable weight is the weight used to calculate the rate. The billable weight will be the greater of pallet's actual or dimensional weight. A minimal rate may apply.

Step 1

Determine the Actual Weight:

Actual weight is the weight of the items on the pallet and the weight of the pallet rounded up to the next half kilogram.

Step 2

Determine the Dimensional Weight*:

Calculate the cubic size by multiplying the length by the width and by the height (each rounded off to the nearest whole centimetre) of each pallet.

Divide the cubic size of the pallet by 5,000 to determine the dimensional weight in kilograms. Increase fractions of a weight to the next half kilogram.

$$\left[\begin{array}{l} \text{Dimensional Weight} \\ \text{in Kilograms} \end{array} \right] = \frac{L \times W \times H}{5,000}$$

L = Length in centimetres

W = Width in centimetres

H = Height in centimetres

Step 3

Determine the Billable Weight:

Compare the pallet's actual weight to the dimensional weight. The greater of the two is the billable weight and should be used to calculate the rate.

For multiple-pallet shipments, add up each pallet's billable weight to determine the shipment billable weight.

Billable Weight Calculation

e.g.: A customer has a shipment of three pallets weighing 50 kg, 400 kg and 300 kg. All pallets are the same size with the following dimensions: 122 cm x 102 cm x 150 cm

1. Determine the Actual Weight

Actual Weight:
50 kg + 400 kg + 300 kg
= 750 kg

2. Determine Dimensional Weight

Pallet Dimensional Weight:
(122 cm x 102 cm x 150 cm) / 5000
= 373.5 kg

Shipment Dimensional Weight:
373.5 kg + 373.5 kg + 373.5 kg
= 1,120.5 kg

3. Determine Billable Weight

Shipment's Billable Weight:
373.5 kg + 400 kg + 373.5 kg
= 1,147 kg

* For import shipments, use the origin country unit of measure and dimensional factor to calculate the dimensional weight.

Contractual

International Dangerous Goods

Dangerous goods are articles or substances which are capable of posing a significant risk to health, safety or property if not handled and shipped in a proper manner.

There are various laws, regulations and rules governing the transportation of dangerous goods across international borders.

UPS offers a contractual service which ensures that your dangerous goods shipments are handled and shipped in accordance with international and domestic regulations via our global network. A surcharge of HK\$427 per shipment or HK\$39 per package applies, whichever is greater.

For UPS Worldwide Express Freight™ shipments, a surcharge of HK\$427 per shipment or HK\$5 per kg applies, whichever is greater. For a detailed listing of UPS acceptable classes and commodities of dangerous goods, please contact our Customer Service Representatives.

UPS FTZ Facilitator®

With UPS FTZ Facilitator, importers and exporters have the ability to use UPS to transport international shipments "in-bond" to and from a global Free/ Foreign Trade Zone (FTZ). This service is available for shipments using UPS Worldwide Express Plus®, UPS Worldwide Express®, UPS Worldwide Express Freight, UPS Worldwide Express Saver™ and UPS Worldwide Expedited®.

This contractual, fee-based service allows the shipment of goods to move to or from an FTZ without using other transportation providers. Using UPS as a single source enables importers and exporters to increase visibility and tracking, and reduce the chance for errors and costs associated with utilising multiple transportation providers.

Importers will choose UPS FTZ Facilitator to direct shipments to be delivered, in-bond, to a designated FTZ rather than being cleared through customs. The fee for this service is HK\$625 per shipment.

Exporters will choose UPS FTZ Facilitator to ship goods in-bond from an FTZ to an international destination. The fee for this service is HK\$625 per shipment.

Note:
Conditions and restrictions, including the UPS Terms and Conditions of Service, apply. For details, please contact our Customer Service Representatives or refer to [ups.com](https://www.ups.com)®.

Terms and Conditions of Service

Effective July 13, 2015

THE RULES RELATING TO LIABILITY ESTABLISHED BY THE WARSAW CONVENTION AND ANY AMENDMENTS THERETO SHALL APPLY TO THE INTERNATIONAL CARRIAGE OF ANY SHIPMENT HEREUNDER INsofar AS THE SAME IS GOVERNED THEREBY.

United Parcel Service, which for purposes of these Terms and Conditions shall mean the United Parcel Service operating company in the country of departure ("UPS") is engaged in the international transportation of small packages (including "Express Envelopes") and services incidental or additional thereto. All shipments are subject to the terms and conditions contained in the UPS Rate and Service Guide (stated at ups.com® and maintained at local UPS offices), the UPS source document for each shipment, and those prescribed by the applicable law of the jurisdiction where the shipment originates.

"Shipper" refers to the party contracting with UPS for services.

Where carriage by air involves an ultimate destination or stop outside the country of origin the Warsaw Convention may apply. The rules relating to liability established by the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw, Poland, on October 12, 1929, and any amendments thereto shall apply to the international carriage of any shipment insofar as the same is governed thereby. There are no stopping places agreed upon at the time of tender of the shipment, and UPS reserves the right to route the shipment in any way UPS deems appropriate. Notwithstanding any clause to the contrary, international carriage by road may be subject to the provisions of the Convention on the Contract for the International Carriage of Goods by Road signed at Geneva on 19th May 1956 and any amendments thereto ("the CMR Convention").

UPS may engage subcontractors to perform services and contracts both on its own behalf and on behalf of its servants, agents and subcontractors each of whom shall have the benefit of these terms. No such party has the authority to waive or vary any of these terms. All packages or pallets covered under a single UPS Waybill/consignment note (the "UPS Waybill") shall be considered a single shipment. A shipment may be carried via any intermediate stopping places that UPS deems appropriate.

Unless otherwise agreed in writing prior to the tender of the shipment, the service to be provided by UPS is limited to the pickup, transportation, customs clearance where applicable and delivery of the shipment. The shipper acknowledges that shipments will be consolidated with those of other shippers for transport and that UPS may not monitor the inbound and outbound movement of individual shipments at all handling centers.

Under applicable law, certain goods may only be transported under prescribed conditions and certain goods are prohibited from transportation by air.

UPS reserves the right to assess the charge for any package that, in UPS's sole discretion, requires special handling.

Terms and Conditions of Service

Effective July 13, 2015

(Continued)

UPS may deliver a shipment to the consignee or the consignee's actual or apparent agent or representative or pursuant to consignee's instructions, to the address or location specified in the UPS shipping system, to any person present at the address or location specified in the UPS shipping system, to a reasonable alternate address or location, in accordance with trade custom or usage, pursuant to UPS's driver release procedures or delivery pursuant to UPS's Shipper Release procedures. UPS does not limit delivery of a shipment to a person specified as the consignee. UPS may use an electronic device to obtain proof of delivery and the shipper agrees that it will not object to UPS relying on a printed copy of this as evidence merely on the grounds that the information concerned is obtained and stored in electronic form.

Special Handling of Undeliverable Shipments; Refused Shipment Returned

Shipments refused by the consignee, or which for any other reason cannot be delivered, will be held, and UPS will attempt to contact the shipper for further instructions, including return. If the return of the shipment is refused by the shipper, or the shipment cannot otherwise be returned to the shipper, UPS will retain the shipment for a reasonable period of time, to be determined at its sole discretion (not to exceed thirty days), and upon exercising reasonable commercial efforts at notifying the shipper, UPS reserves the right to deal with the shipment thereafter in any manner at its sole discretion, including but not limited to disposal of the package. The shipper will be responsible for payment of all charges, including, but not limited to, forwarding, disposal, or return transportation charges, as well as any duty and tax, if applicable. UPS will not be liable for any claims for loss or damage to a shipment refused by the shipper on return.

Refusal and Suspension of Service

If it comes to the attention of UPS that any shipment does not meet any of the above restrictions or conditions, UPS may refuse to transport the relevant shipment, if carriage is in progress, UPS may suspend carriage and hold the shipment.

UPS also reserves the right to refuse to provide service, among other reasons, for any shipment which by reason of the character of its contents may, in the sole judgment of UPS, soil, taint, or otherwise damage other shipments or UPS's equipment, or which is improperly or insecurely packed or wrapped. In addition, UPS reserves the right either to refuse to provide service for any shipment to or from any location, or to provide alternative service arrangements, when, among other reasons, UPS, in its sole discretion, deems that it is unsafe or economically or operationally impracticable to provide service.

UPS may at its option suspend transportation of any shipment if goods are found not to be acceptable for transportation for any reason whatsoever, if UPS cannot effect delivery at the third attempt to do so, if the consignee refuses to accept delivery, or if it cannot collect amounts due from the receiver on delivery. The shipper will be responsible for payment of all charges, calculated in accordance with the then current UPS rates, caused by such suspension of transportation, including, but not limited to, forwarding, disposal, or return of transportation charges as well as any duty or tax, if applicable.

The shipper will be responsible for the reasonable costs and expenses of UPS (including storage), for such losses, taxes and customs duties as UPS may suffer and for all claims made against UPS because a shipment does not meet any of the restrictions or conditions in the Commodities Handled and Restrictions on Service clause above or because of any refusal or suspension of carriage or return of a shipment by UPS pursuant to these terms.

UPS will not be liable or responsible for the loss of or damage to any shipment, the contents of which UPS is not authorized to accept, which UPS states it will not accept, or which UPS has a right to refuse. If UPS suspends service as set forth in these terms, the payer of any transportation charges shall not be entitled to a refund. Acceptance for carriage of any shipment that UPS does not accept for transportation or which shippers are prohibited from shipping, does not constitute a waiver of any provisions of these terms or the terms set forth in the Rate and Service Guide, or on ups.com[®].

Hold for Pickup and Hold at Location Services

At the time a shipper tenders a shipment to UPS, the shipper may request that UPS hold a domestic package at a designated UPS Customer Center for pickup by the consignee. For each such shipment, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS Customer Center. In addition, the shipper will apply a UPS Hold for Pickup label below the address label on the shipment. Hold for Pickup is not available for international package shipments.

For UPS Worldwide Express Freight[™] shipments, the shipper may request that UPS hold a UPS Worldwide Express Freight shipment at a UPS Worldwide Express Freight Center location for pickup by the consignee. For each such shipment, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the consignee (designated UPS Worldwide Express Freight Center address not required).

UPS will hold the shipment at the designated UPS Customer Center or UPS Worldwide Express Freight Center and will attempt to contact the consignee at the telephone number shown on the label. Shipments not picked up within five (5) business days from the date of arrival will be considered undeliverable.

"UPS Worldwide Express Freight Center" means a UPS facility where a shipper may tender UPS Worldwide Express Freight pallets to UPS for transportation, and a consignee or other recipient may receive a pallet for delivery. UPS Worldwide Express Freight Centers available in Asia-Pacific are listed at ups.com[®] under Global Locator section.

Packaging

It is the responsibility of the shipper to ensure that proper packaging is used and that contents are adequately and securely packed, wrapped and cushioned for transportation. The use of UPS-provided packaging (including but not limited to materials, supplies and assistance) is *not* a guarantee that an item is sufficiently packaged for transportation.

Terms and Conditions of Service

Effective July 13, 2015

(Continued)

When shipping certain electronic media containing sensitive personal information, it is recommended that the shipper retain a copy of the data and secure the data on the electronic media through encryption or other technological means. UPS is not liable or responsible for loss of, damage to, or irretrievability of data stored on electronic media, or loss of information.

UPS Worldwide Express Freight™ shipments must be palletized, stackable, able to be lifted by forklift, and shrink-wrapped or banded to a skid. Shipper must ensure that pallets and packaging comply with all applicable laws and regulations of the origin and destination country.

Right of Inspection

UPS reserves the right, but is not required, to open and inspect any shipment tendered to it for transportation.

In addition, UPS is a regulated cargo agent and is subjected to security screening and clearing procedures by the local airport police and relevant authorities in accordance with local law, and that civil and criminal penalties, including forfeiture and sale, may be imposed for making false, fraudulent statements, or consigning explosives or explosive devices without lawful authority.

Provisions for Customs Clearance of International Shipments

The shipper must provide required documentation for customs clearance. By providing required documentation, the shipper certifies that all statements and information relating to exportation and importation are true and correct. Furthermore, the shipper understands that UPS is a regulated cargo agent and is subjected to security screening and clearing procedures by the local airport police and relevant authorities in accordance with local law, and that civil and criminal penalties, including forfeiture and sale, may be imposed for making false or fraudulent statements or consigning explosives or explosive devices without lawful authority. When a shipment is tendered to UPS, UPS is thereby appointed as the agent for performance of customs clearance, where applicable. UPS is specified as the nominal consignee for the purpose of designating a customs broker to perform customs clearance.

Customs penalties, storage charges, or other expenses incurred as a result of an action by customs or failure by the shipper or consignee to provide proper documentation or to obtain a required license or permit will be charged to the consignee along with any applicable duty or tax. The shipper shall be liable in the event of non-payment by the consignee. Where applicable, UPS provides brokerage service at no additional charge for routine customs clearance. Additional charges may be applied for the complex clearance procedures listed in the Rate Guide.

Rates

The effective rates are the UPS Rates published in the effective UPS Rate and Service Guide for the service selected by the shipper, which apply to the shipper and the shipment and are in effect at the time of shipping, plus any additional charges or rates for nonstandard service, additional or nonstandard usage, and any other additional charges referenced in the effective UPS Rate and Service Guide, or those applicable additional rates set out in any customised contracts. To determine the amount of any charge for UPS service, consult the effective UPS Rates, available at ups.com® and upon request at the local UPS office. UPS Worldwide Express Freight pallets that are processed as door-to-door pallets prior to drop off at a UPS Worldwide Express Freight Center will receive door-to-door rates.

Payment

Unless paid before shipment, all charges must be paid within 7 days of receipt of invoice or within such other period as the shipper may have agreed in writing with UPS. Unless proved otherwise, an invoice shall be considered for this purpose to have been received three business days following the date of invoice.

Any payments made by UPS, including but not limited to taxes, duties or other levies, on behalf of the shipper, receiver or some other party, shall be due and payable by the shipper on demand. Notwithstanding any billing or payment option selected at the time of shipment, the shipper is ultimately liable for and agrees to pay all charges, including where the receiver or third party fails to pay any charges which they are due to pay. A late payment fee in the amount set out in UPS's invoice may be charged on any sums outstanding as of the specified payment due date. This is in addition to any legal rights and remedies available to UPS.

Missing/Invalid Account Number or Refusal Fee

A processing fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be charged for a missing or invalid account number when the account number is missing or it is not the correct account number for the bill-to party, or if it is the account number for a receiver or third party who fails to pay the shipping charges. In the event of nonpayment by the receiver or third party, the shipper will be billed a refusal fee plus the shipping charges.

Interruption of Service

If UPS is unable to start or continue with carriage of the shipper's shipment for a reason beyond its control, the shipper will not be able to claim that UPS is in breach of its agreement with the shipper but UPS will take all steps that are reasonably practicable in the circumstances to commence or continue the carriage.

Terms and Conditions of Service

Effective July 13, 2015

(Continued)

UPS shall not be liable for, and the UPS Service Guarantee shall not apply to, any interruption of service due to causes beyond UPS's control, including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment; acts of God; acts of public authorities acting with actual or apparent authority; acts or omissions of customs or similar authorities; insufficient information provided by a customer; the application of security regulations imposed by the government or otherwise applicable to the delivery location; a government agency hold; riots; strikes or other labor disputes; civil unrest; disruptions or failure of communication and information systems (including, but not limited to UPS's communication and information systems); disruptions of any kind in air or ground transportation networks; such as weather phenomena; and natural disasters.

UPS Service Guarantee

UPS's on-schedule delivery of shipments for certain services and destinations is supported by a money-back guarantee, as set forth in the Rate and Service Guide, Details of UPS's Service Guarantee, including its applicability and limitations, and the corresponding delivery and latest pick up time for the relevant service and destination are as set out on the UPS website (ups.com[®]) current at the time the goods are accepted for carriage and can also be confirmed by contacting the local UPS office. Where the Service Guarantee operates, and the conditions for the Service Guarantee as set forth in the Rate and Service Guide are fulfilled, if UPS fails to attempt delivery within the applicable time period, UPS will on request, at its option, either refund or credit the shipper (or any other person who paid for the carriage) with the shipping charges (or, in the case that only some of the packages or pallets in a multiple package or pallet shipment fail to meet the applicable time limit, the proportionate part of the shipping charges relating to those packages or pallets), net of any surcharges, Value Added Tax, duties or any taxes and levies. UPS must also be notified in writing or by telephone within 15 calendar days after the scheduled delivery for all Guaranteed Service Refund claims.

The Service Guarantee does not apply where late delivery results from noncompliance with the restrictions or conditions in the Commodities Handled and Restrictions on Service clause, from the exercise of any lien by UPS in accordance with these terms, where either the Refusal and Suspension of Service clause or the Interruption of Service clause apply. The UPS Service Guarantee does not apply to (i) packages or pallet subject to a Large Package Surcharge, Oversize Pallet Handling Surcharge or Additional Handling Charge; (ii) shipments containing any package that exceed maximum size or weight limits, or (iii) shipments containing any package or pallet subject to a Large Package Surcharge, Oversize Pallet Handling Surcharge, Additional Handling Charge, or that exceed maximum size or weight limits. For UPS Worldwide Express Freight™ shipments, the Service Guarantee shall apply to a shipment in excess of 2 tons or 4,400 pounds only if the shipper obtained confirmation of eligibility for the Service Guarantee, prior to tender of the shipment to UPS for service.

For the avoidance of doubt, UPS's liability under the Service Guarantee is limited to the above and the Service Guarantee does not otherwise constitute any form of undertaking or representation that the shipment will arrive by any particular time.

UPS may also cancel or suspend the UPS Service Guarantee for any service(s), and for any period of time, as determined by UPS in its sole discretion, and without prior notice.

Billing Options

The amount billed includes, but is not limited to, shipping charges, duties and taxes, if applicable. Unless otherwise restricted in the origin or destination country, UPS provides the following selection of payer options:

Bill Shipping Charges to:

Shipper guarantees payment of all charges payable to UPS by the receiver or third party designated on the waybill. For all shipments where the shipper is not paying the shipping charges, the shipper must notify the bill payer prior to shipping, and that option must be indicated on the UPS Waybill in the space provided. UPS reserves the right in its sole discretion to request advance payment of shipping charges for any package or pallet sent to or from any international destination or origin.

An additional Duty and Tax Forwarding Surcharge will apply if the shipper selects a billing option in which duties and taxes are to be paid outside of the destination country.

Responsibility For Loss or Damage

Where the Warsaw or CMR Conventions or any national laws implementing or adopting these conventions apply (for convenience referred to as Convention Rules) or where (and to the extent that) other mandatory national law applies, the liability of UPS is governed by and will be limited according to the applicable rules.

Where Convention Rules or other mandatory national laws do not apply, UPS will only be liable for failure to act with reasonable care and skill and its liability shall be exclusively governed by these terms and (save in the case of personal injury or death) limited to proven damages up to an amount not exceeding USD 100 per shipment, or per pallet in a UPS Worldwide Express Freight™ shipment, unless a higher value has been declared by the shipper as hereafter provided. If the claimant (or any person from whom he derives his right to claim) has caused or contributed to any loss, damage or delay to a shipment, any liability UPS may incur in respect thereof (limited as above) may be reduced or extinguished in accordance with the law applicable to such contributory negligence.

Subject to the provisions of the paragraph stated below, the shipper may obtain for a shipment the benefit of a greater limit of liability than UPS provides under (ii) of the Commodities Handled and Restrictions on Service clause above or than is provided by Convention Rules or other mandatory national law. The shipper may do so by declaring a higher value for carriage on the Waybill and paying an additional charge as stated in the Rate and Service Guide. If the shipper declares a higher value for carriage and pays the applicable charge, then UPS's liability shall be limited to a maximum of the declared value for carriage. The value of the goods concerned shall not in any event exceed the limits specified in the Commodities Handled and Restrictions on Service clause. UPS does not offer shippers' cargo insurance. Shippers desiring cargo insurance or all risk insurance should purchase such insurance from third parties.

Save where applicable Convention Rules or other applicable mandatory national laws require otherwise, UPS shall not be liable for special, incidental, or consequential damages, including purely economic losses, such as the costs of any alternative means of transport, loss of profits, loss of business opportunities or loss of revenue resulting from loss of use, arising from any loss of or damage or delay to a shipment, whether or not a value has been declared as set forth above.

UPS shall not be liable for any damages arising from UPS's inability, failure or refusal to comply with a request to stop, return or re-route shipment of a package or pallet after tender to UPS.

Claims Procedure

All claims against UPS must be filed in writing with UPS as soon as reasonably practicable and in any event within 14 days of delivery in the case of damage (including partial loss of a shipment) and in the case of delay within 21 days of delivery. In addition, UPS shall have no liability in connection with any shipment unless legal proceedings are brought and written notice of them is given to it within six months after delivery of the goods concerned or, in the case of non-delivery, within six months from the scheduled date for delivery. This term shall not affect any rights the shipper may have under applicable Convention Rules or other applicable mandatory national laws.

Data Protection

The shipper agrees that UPS and other companies in the UPS group of companies worldwide, including companies in countries which may not have the same level of data protection as the country where the shipment is presented to UPS for carriage, may use any data provided by the shipper to UPS for the purposes set forth in, and subject to, the UPS Privacy Notice published on UPS's web site at <http://www.ups.com/content/hk/en/resources/ship/terms/privacy.html> (hereby incorporated by reference into these terms). The shipper has certain rights under the law to have access to, rectify, object to the use for direct marketing of, or delete personal data held by UPS about it.

Entire Agreement

All shipments are subject to the terms and conditions contained in the UPS Rate and Service Guide and set out on the UPS website (ups.com®). The effective UPS Rate and Service Guide and the description of UPS Services at ups.com®, which are incorporated in the UPS Rate and Service Guide; and the UPS source document for each shipment, together comprise the complete and exclusive agreement of the parties, except as modified by any existing or future written agreement between the parties, and may not be contradicted or modified by any oral agreement.

Severability

These terms shall apply to the fullest extent permitted by applicable law. If any part of these terms is not enforceable, this will not affect the enforceability of any other part.

Governing Law

These terms and any contract concluded which incorporates these terms shall in all respects be governed by the laws of the country where the shipment is presented to UPS for carriage.
